-

EXPERIENCE

LocalStack | Remote

L1 Support Engineer

Mar 2025 – Present

- ◆ Triage, reproduce, and debug customer issues across AWS and LocalStack environments spanning container orchestration, networking, and SDK integrations
- ◆ Collaborate with engineering and product teams to escalate and resolve complex infrastructure issues
- ◆ Support GTM efforts by handling technical questions from prospective customers during evaluation
- ◆ Manage subscription and licensing workflows for customer accounts

Basis Practice Solutions | Remote

IT Technician

Jan 2025 – Present

- ◆ Deliver cloud and endpoint infrastructure solutions for healthcare clients nationwide, including cloud migrations and Intune/Entra deployments
- ◆ Monitor and respond to Microsoft Defender XDR incidents aligned to client SLAs
- ◆ Coordinate with client IT staff to scope, plan, and execute infrastructure projects
- ◆ Provide remote support across Windows and iOS environments

Big Bend Hospice | Tallahassee, FL

IT Helpdesk Technician I

Feb 2024 – Mar 2025

- ◆ Administered Active Directory and Azure AD user/group policies for endpoint and identity management
- ◆ Deployed and managed company devices including Windows Autopilot enrollment and iOS distribution
- ◆ Participated in 24/7 biweekly on-call rotation for critical support coverage

- ◆ Maintained device inventory and ticketing workflows across the organization

KD Process | Tallahassee, FL

Office Assistant

May 2021 – Feb 2024

- ◆ Coordinate service of process locally and nationally via email and phone
 - ◆ Dispatch legal documents to servers and provide status updates to clients daily
 - ◆ Assist client inquiries with evictions, corporate filings, apostilles, and foreclosure sales
 - ◆ Research and implement a web-based client portal to display invoices and affidavits in real-time
 - ◆ Record payments and handle all accounts payable inquiries via Excel spreadsheets
-

ACCOMPLISHMENTS

LocalStack

Customer Support Chatflow Revamp

- ◆ Redesigned customer support chatflows to capture structured diagnostic information upfront, enabling engineers to begin investigation without redundant correspondence

Basis Practice Solutions

Identity Provider Migration

- ◆ Migrated client identity infrastructure from Okta to Microsoft Entra ID, including user provisioning, SSO configuration, and policy enforcement

Big Bend Hospice

Azure AD Migration / Windows 11 Deployment

- ◆ Executed migration from on-premises AD to cloud-only Azure AD; deprecated domain controllers resulting in \$50,000 annual savings

iOS Deployment

- ◆ Designed and deployed Intune policies for HIPAA-compliant iOS fleet used in clinical documentation workflows

M365 License Optimization

- ◆ Audited and restructured Microsoft 365 licensing across employee roles, saving \$7,000 annually
-

EDUCATION

Florida State University | Tallahassee, FL

May 2023

- ◆ Bachelor of Science in Psychology
 - ◆ Minor in General Business
-

VOLUNTEER

End Overdose, Florida State University Chapter Founder & Volunteer

Apr 2022 – Present

- ◆ Founded the university chapter of a nationally recognized non-profit with 60+ chapters nationwide
- ◆ Served as chapter President and established campus presence
- ◆ Educated & trained 8,000+ individuals on opioid overdose response across state events
